PROFILE

Highly focused Full Stack Developer who leverages excellent communication, interpersonal and client management skills to produce outstanding user interfaces that raise the bar for utility and design.

EXPERIENCE

Guest Teacher Assistant

University of Texas Full-Stack Flex Program Coding Bootcamp | Austin, TX

- Assisted with the new cohort of students in the Coding Bootcamp at University of Texas in Austin's Full-Stack Flex Program.
- Provided in-classroom help to teachers as well as students, answering questions and fostering their learning, while also reviewing past topics and solidifying my own knowledge.

Educational Interpreter

McNeil High School – RRISD | Austin, TX | 11/2013 – Present

- Developed and maintained the McNeil Interpreter website.
 - Consolidated multiple resources and legacy systems into one user-friendly resource.
 - Appropriately evolved designs from concept to launch based on usability, analytics, staff feedback and other sources of input.
- Coordinated the technology used in meetings, such as PowerPoints and video streaming, as the technology arm of our department.
- Guided all additional technology tasks needed by the interpreters, such as making videos, website and e-mail queries, etc.
- Facilitated communication by interpreting for 26 Deaf high school students, 9th -12th grade, in their mainstream classrooms.

Children's Department Lead

Barnes & Noble | Austin, TX | 06/2005 – 01/2013

- Managed the children's book department team of 3 sales representatives.
- Developed merchandise displays throughout the store to amplify sales by 70% (\$53,000).
 - Directly impacted the customers to help create ease of navigating the Children's Department.
 - Enhanced the merchandise display process to increase sales by region and store specific needs.
- Lead and managed store events (midnight book releases, guest authors, children's story time, etc.).

EDUCATION

Full-Stack Flex Program Coding Bootcamp

University of Texas | Austin, TX | 2016

- An intensive 24-week long boot camp dedicated to designing and building web applications

Bachelor of Science: Radio, Television, Film

University of Texas | Austin, TX | 2009

- Graduated with Honors (top 10% of class), College Scholar, Dean's Honor List, The Honor Society of Phi Kappa Phi
